

COMPANY PROFILE

SARL ETAHG: company profile

SARL ETAHG is an Algerian company specialized in fine aggregate production, road construction, heavy equipment rental and leasing, project mobilization and water well drilling.

Who we are

SARL ETAHG is a limited liability company (SARL) under Algerian law, registered in Ghardaïa, with an equipment depot in Djelfa and a stone crushing plant at Oued Seddeur, about 25 km south of Djelfa. Its fleet was assembled to build roads, and the company has completed road projects in many regions of Algeria. Today it also supplies high-quality fine aggregates, offers its equipment for rent and lease, starts up new projects with its machines and drills water wells.

Activities

Aggregate production

Stone crushing plant producing high-quality fine aggregates, suited to high production rates.

Road construction

Earthworks, pavement layers and asphalt surfacing with our own fleet.

Equipment rental and leasing

Semi-trailer trucks, trucks, bulldozers, excavators, road pavers.

Project mobilization

Site opening, access tracks, platforms, earthworks, aggregate supply.

Water well drilling

Own drilling rigs; wells for sites, farms, industry and communities on request.

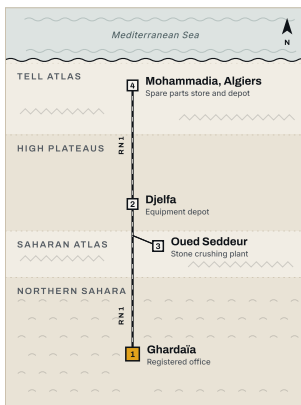

Spare parts

EURL KAYLE KENNY, Algiers: heavy-duty diesel engine parts.
